

HUMULO

Offline-First VR Safety & Skills Training

PROBLEM STATEMENT

- Surge workforce must qualify on high-consequence work — fast
- Live-equipment training exposes people, assets & schedule
- Slides & videos don't build muscle memory — incidents and rework follow

BENEFITS

- 4× faster than classroom — zero production downtime
- Safe-to-fail reps on dangerous tasks, zero exposure
- Audit-ready analytics & qualification tracking
- Fielded with the U.S. Navy & Fortune 100 industry

SDVOSB • GSA MAS • CAGE 833T8

TECHNOLOGY SOLUTION

- Standalone VR headsets — 100% offline, zero IT footprint
- 20+ OSHA-aligned modules: confined space, LOTO, fire, electrical, forklift with physical controls
- Custom digital twins of your equipment & procedures — built in weeks
- Humulo Workshop: 3D model collaboration inside Microsoft Teams
